The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier, the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

When a probable cause for pension, special care must be taken to state the degree of disability—as *1, 2, 3, &c.*; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharge by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

For 1960 Regulations, Edit. 1961.

Par. 1260 Regulations, Ed. 1904.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, disengagement of the urinary organs, epithelium, ulcers, or any chronic disease liable to be faked or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

This certificate will be made out by duplicate by the soldier's own company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will stamp all out and sign the surgeon's certificate, and forward them by train to the regiment, detached, or post commander, who will forward them, with his order endorsed thereon, through the proper channel, to his division commander, or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge soldiers may be specially delegated.

Those certificates, after having received the notice of the highest authority to which they are required to be sent, will be returned through the same channel to the original point of detachment, through the same officer who will, if the discharge is authorized by the commanding officer, sign the soldier's discharge, and the last item of the proper authority, viz. the soldier's discharge, and the last certificate on this paper, are that the soldier is furnished with the proper final statements in duplicate, and forward to one of three addresses: First to the Adjutant General United States Army, at Washington, D. C.; they will not require any circumstances to give him the name of the soldier.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. b. &c., &c.*; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity for labor or care his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Pub. 1269 Regulations, Edn. 1961.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge, and especially in epilepsy, convulsions, chronic rheumatism, damagement of the urinary organs, opthalmia, ulcers, or any chronic disease liable to be faked or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

This certificate will be made out in duplicate by the soldier's own company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will pass it out and sign the company's certificate, and forward these papers to the regimental, department, or post commander, who will forward them, with his own certified check, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the attending or discharge certificate may be sent.

These conditions, after having rendered the value of the highest priority in which they are required to be met, will be returned through the same channel to the commandant, post, or detachment, who will, if the discharge is authorized by the commanding officer, sign the soldier's discharge, and the list of the proper authority. Also the soldier is furnished with the certificate on this paper, and the soldier is furnished with the proper final statement in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

ARTICLES OF WAR.

ART. 31. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by preference or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be accounted for, and paid to, their respective representatives.

ARMY REGULATIONS—EDITION OF 1861.

PAR. 122. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 31st Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station, absent from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his death; which report will be used on the next muster roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of _____, late of company (—) _____, regiment of _____, who died at _____, the _____ day of _____, 186—." If a legal representative receive the effects, it will be stated in the report. If the soldier have no effects, the fact will be reported.

PAR. 123. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his death, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

PAR. 124. In all such cases of claim by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of _____, late of company (—) _____, regiment of _____, who died at _____, the _____ day of _____, 186—."

ART. 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, they must be accompanied by a statement of the inventory. In all other cases, an entry will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

VOLUNTEERS.

Disch. Payed 15. 1864.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, *do.*, due him, and the captain or other commanding officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment ordered on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him, up to his death, as so to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is transmitted. These accounts for back pay, *do.*, are settled by the 3d Auditor of the Treasury Department.

NOTE 8.—When a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Adjutant General, Washington, D. C.

☛ NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid in judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. p. &c., &c.*; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1350 Regulations, Edit. 1961.

Par. 1350 Regulations, Edit. 1894.
Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, opthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will charge of the certificate, and forward three then all out and sign the surgeon's certificate, and forward three to the regiment, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge isolated men may be specially delegated.

Those certificates, after having received the notice of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental post, or to the commanding officer, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; and that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates, drawn to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given from the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as *i. e.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Ed. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any chronic disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward that paper to the regimental, detachment, or post commander, who will forward them, with his action ordered thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge soldiers may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, and that the soldier is furnished with the proper final statements in duplicate, and forward some of these certificates down to the Adjutant General's Office, at Washington, D. C.; they will not, under any circumstances, be given from the hands of the soldier.

DECLARATION OF RECRUIT.

I, William Nelson, do hereby declare, That I am 20 years and 2 months of age; that I have never been discharged from the United States service on account of disability or by sentence of a court martial, or by order before the expiration of a term of enlistment; and I know of no impediment to my serving honestly and faithfully as a soldier for three years.

GIVEN at Louisville, Ky. the 29th day of August 1864
William Nelson
Wm. J. Bayne
 Witness:

NOTE 1.—This blank will be used for both enlistment and reenlistment of recruits, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the recruiting officer (and the recruiting officer) to the Adjutant General, and one to accompany the return of the officer who pays bounty, &c. The Regiment and Company to which the soldier has moved should be given on this form.
 NOTE 2.—An enlistment holds no service. A soldier is not, in all cases, precluded payment of pay, bounty, pension, &c. The recruiting officer, commissary, or assistant commissary of recruits, as the case may be, will counter-sign both enlistments on having received the soldier into the service of the United States before either of them is given to the recruiting officer.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of recruits, &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting agent of the Department (not the recruiting agent) to the Adjutant General, and one to accompany the adjutant of the officer who pays bounty, &c. The Regiment and Company in which the soldier has served should be given on the back.

NOTE 2.—An enlistment holds in all cases, except payment of pay, bounty, pension, &c. A recruit will not, in all cases, be paid in the Adjutant General's Office as evidence of service. The recruiting agent, occasionally, or assistant adjutant of recruits, in the case may be, will countersign both enlistments so having received the soldier into the service of the United States before either of them is given to the recruiting agent.

This is accepted as referring to

and records will be corrected accordingly.

Assistant Adjutant Gen'l.

Headquarters Chief Engrs Off
Louisville Ky. June 14/65.

Copy of endorsement from A.G.O., on letter of B.H.
Stimmes, 2^d Lt. 11th Ky. Cavalry, requesting an order for his
muster within the District of Kentucky.

Lieut. Stimmes, after complying with the instructions
contained in said endorsement, can be mustered at this office.
He will have everything entirely ready before presenting himself
for muster.

W. H. Middle District Col. usa cy. on supply
War Department, A.G.O.

June 8 1865.

Respectfully returned to District Colonel W. H. Middle, Chief
Mustering Officer Louisville Ky.

On Muster Roll of Co. H., 11th Ky. Cavalry for March
and April 1863, the name D. H. Stimmes first appears in the
grade of 2^d Lieut. on detached service strength of company &
Commissioned Officers (both 2^d Lieuts.) and 55 enlisted men
Present and Absent (the company was mustered on Sept. 22^d 1862
and all the rolls of the company are perfect up to April 30. 1863.)
Rolls for May, June, July and August 1863 not on file - On Roll
for Sept & October 1863 he is reported Missing in action at Philadelphia
(supposed to be Tenn. State) Oct. 20. 1863. On Roll for Nov. and
Dec. 1863 & Jan'y & Feb'y 1864, he is similarly reported. On Consolidated
Muster Roll from March to August 1864 his name appears
without remark. There are no later rolls ^{of the company} on file, but on Reg-
imental Return for January 1865 (latest) the strength of the
company is reported 2 Commissioned Officers (Captain & 1st Lieut.)
and 99 enlisted men Present and Absent. There are no

Regimental Returns of the Regt on file subsequent to July 1864 except action for January 1865.

The other 2d Lieut. referred to above is G. M. Taylor who it appears commanded the company from date of organization. The names of both officers are unified -

On Roll from Sept. 1863 to July 1864 he still appears in same grade, but on this roll the name of Genl. Wheeler is borne in the grade of Captain. On Consolidated Roll from July 29 1864 to August 31 1864, the officers are as follows:

Captain Genl. Wheeler, Commandg. Company

1st Lieut. D. C. Smith - "Present"

2d Lieut. D. H. Niemeyer - "Do. Present"

May 1908. This paper was formerly filed with the records of the Office of the Chief Clerk, U.S. Army, and is now in the custody of the U.S. P.O.

As will be seen by the above statement the Rolls do not show what became of Lieut. Taylor.

If this officer can make affidavit that he actually performed the duties of the grade of 2d Lieut., he can be mustered in as such to date March 1. 1864 - no vacancy existing until that time. If it can hereafter be clearly shown what became of the other 2d Lieut. the case may be reconsidered so as to give this officer pay for services actually rendered, but in no case will any action be taken until the foregoing record is made perfectly clear.

You are authorized in receipt here of to minister here as above - File a copy of this endorsement and the affidavits required with the Muster in Rolls and return this paper action noted.

By order of the Secy. of War.

We John Smith and A. R. Egerton
are the men that arrested James Graham
we were dressed rather in citizen dress
and at first told him we were
Rebels in order to find out whether
he was a rebel or not. he claimed
to be a rebel and made the statement
that was furnished you with the prisoner.
I then told him I was not a Rebel but
a Federal officer and if he was scared into
what he had stated about his intention of
joining the Rebel army I would release him.

He then told me he had nothing to take
back. he had told the truth and would
stand to it if he died by it. I then took
him to town, placed him in jail. kept him
there over night and next day sent him
off to Lebanon with the charge enclosed here.
I put the question to him next morning
if he had changed his mind any from
what he had stated the night before. he
said not and I sent him to Lebanon by stage

NOTE 1.

Company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. p. d. c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharge by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

For 1200 Regulations, Edn. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, disengagement of the urinary organs, erythema, ulcers, or any chronic disease liable to be faked or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the company detachment to which he belongs and sent by express the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the company's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his own certificate thereon, through the proper channel, to his division commander; or, if the troops are not organized as a division, to his corps department, or other commander or officer to whom the authority to discharge soldiers may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the medical officer, sign the soldier's discharge, and file the same on this paper; say that the soldier is forwarded with the same final statements in duplicate, and forward one of these copies to the Adjutant General United States Army, at Washington, D. C.; the other will not under any circumstances be given to the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—on & b. &c., &c.: to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are currently described in the within certificate."

Par. 1200 Regulations, Edn. 1901.
Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, disengagement of the urinary organs, ophthalmia, ulcers, or any chronic disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the company to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward three papers to the regimental, detachment, or post commander, who will forward them, with his notes endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps department, or other commander or officer to whom the authority to discharge soldiers may be specially delegated.

These certificates, after having received the notes of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the proper authority, sign the soldier's discharge, and the notes of the proper authority, and forward them, with the proper endorsement on this paper, to the Adjutant General's Office, United States Army, Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

Adjutant General's Office

Washington, Oct 16th, 1865.

Sir:

In reply to your letter requesting a Descriptive List of Joseph Overall, a Sgt. in Company D 11th Regiment N.Y. Cav. Volunteers, I have the honor to furnish the following "Descriptive List," obtained from the records of this Office: which, from the want of the necessary data, (which is in the possession of the Company Commander,) is only partial.

NAME, RANK AND REGIMENT. DESCRIPTION, &c.

Joseph Overall, a Sgt. Major in Company D 11th Regiment of N.Y. Cav. Volunteers, is 20 years of age: but no further "description" can be obtained from the files of this Office.

He was enrolled on the 25th day of Feb., 1863, at the town of Louisville in the State of N.Y. by St. Col. Alexander, and mustered into the service of the United States on the 28th day of Feb., 1863, at the town of Louisville, in the State of N.Y. by Capt. Starnes, to serve for the period of 3 years or "during the war."

ACCOUNT OF PAY.

It is stated on the Muster Roll of his Company for the months of Sept. & Oct. 1864 that he was last paid by Paymaster Thos. Ballard to the 31st day of August, 1864. Latest evidence of Payment on Rolls of Reg't.

ACCOUNT OF CLOTHING.

The files of this Office furnish no account of clothing: it must be obtained, if obtained at all, from his Company Commander.

REMARKS.

On Muster out Roll of 11th Reg't Dated July 14th 1865 he is reported. Reduced to Sgt. rank 11th N.Y. Cav. Feb. 20th 1865 by order of Maj. John S. Slocum. His name does not appear on Rolls of the 11th N.Y. Cav. Rolls of Co. D very incomplete.

And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by promotion or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be accounted for, and paid to, their respective representatives.

How A Lincoln

President U. S. A.

Very Respected

and Honorable Sir.

With much diffidence I venture to address you on a matter, to me of much delicacy. But Mr President knowing you to be my friend, as you are the friend of all truly loyal men, I have determined to lay before you my sad condition.

I am totally out of U. S. Service, as Surgeon of the 11th Ky Cav, on account of severe chronic Rheumatism, and my Phys. amt have sent with the sad misfortune, have all I had destroyed by fire on the 28th day of March in New-Orleans. My health is improving and I hope to be able to take the Stamp in your behalf. at the proper time. I did not advocate your past election, but did that of Douglas. But Sir, seeing your course all through so far, and what the Rebels have forced upon you, and upon the government I am with you, and have been since the war began. I am the nephew of an old friend of yours and an acquaintance of yours.

I mean Bailie Peyton of Tennessee. This much
I say to give you some idea of my antecedents.
The matter of delicacy, which I set out to
mention, is that of my destitute condition, made
so, by fire - and not any act of my own.
From all I had, was taken by Briggs, when he
invaded Ky, still I had good health and was
employed making a living for my family
which is a helpless one.

I lost my entire library, and all in one
word I had, except the clothes I had on,
a few hundred dollars would enable me
to make an other start in life; and I could
do even that if my health was sufficient.

I have had to leave Ky and settle in
Rising Sun Ind, because of the Rebel
element around, for in the first place
the Rebels run me off from my
family, and I sought protection in the
Army. Since I am for your administration
the Quasi Union men of Ky, think no
more of me, than the primitive Rebels.

I hope you may find it in your power
to have me helped some way in a pecuniary
way to start alone again. I know it is in
your great heart, to help all that have
suffered as I have from the Rebels, as well
as from the loss I sustained by fire.

Mr President, do not look at me as a
sympochant, and beggar. I wish to repay
all, and I will if prospered. The wealthy at
Washington and in Congress could risk a
few hundred dollars - and I when able could
repay the money and will do it, if obliged.
I dislike to trouble you with such matters,
but I do not know on whom to call.
of my acquaintances that are able. I hope
you will receive this kindly, for it is from
one of your best friends, and for that
I have suffered, and exposed my life
every day to the ~~danger~~ danger of the
Rebel's guns, from the fall of '61, till the
8th of last March. I hope you may find
time to address me a note in your hand writing in
answer to this.

By the way I have served nearly one year
with Col Grant's Wolford 1st Ky Cavalry.
and have to say, you have served him
right, and I sincerely hope he will not be
allowed a command in the 6 months troops
of Ky. I heard him make one speech in
Athens last June, and it was full of Rebel
comfort, he made several speeches in
8 June, and I understood they were all alike
disloyal.

I am Very Respectfully

FINAL STATEMENT

David Phillips

11 Regt of Ky Cav

Co "C"

VOLUNTEERS.

Died February 15th 1864

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other commanding officer commanding the company will certify to the fact of the delivery of the duplicate certificates, on these certificates the Soldier is "entitled to" his discharge, and should then present his discharge to the Paymaster to have the payment ordered at it. The discharge is to be given back to the Soldier by the Paymaster, the latter only retaining at his residence the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the loss of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so entitled on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, he should give him, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement in this effect by the officer. This endorsement should contain a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, as in to complete a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is entered. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be entered upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., executed by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other necessaries charges, should appear under the heading of "Other Charges."

NOTE 5.—Money paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Accounts due the Soldier and Landwren must be entered on the master roll on which the discharge, draft, desertion, &c., is reported, as well upon the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, to Captain, or the District Auditor, Washington, D. C.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *1*, *2*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

For 1200 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, opthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the military or discharge claims may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, and the soldier is furnished with the proper final statement in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

Sir I ask you for 15 fifteen
days absence for the following
reasons your order prevents the
Gen. from granting the leave and
I live in Madison County Ky. near
Richmond and was hurried off for
leave the last of August on the ac-
count of the rebels getting in
and had no time to settle some
important business as adminis-
trator where little significant children
are interested and must suffer if
the business is not attended to
and it can not be done with-
out my presence there are
many other reasons that I
wish present but I only present

Children. Suffering there is
no prospect of any special need
for me here for some time on a
count of the enemy and I ^{very} should
in the time I am absent catch
some 20 Soldiers that is about
with out leave with some 2 or 3
horses & equipment guides &c if I
thought it necessary I could send
you any amount of testimonials
of character good behaviour &c my
officers from Gen. Darnett here
will testify that I have done
my duty faithfully I am Capt

two thirds of the time I have command

my Resignation as Captain of Company
(A) 11th Regt Cal H.S.A. to take effect 18th inst.

John G. Forde
Capt Co (A) 11th Regt Cal

My reasons for resigning are the following.
First, the Lieut Col appointed over the regiment
acted in such a manner towards me in striving
to obtain his office, as to cause me to lose all
respect for him as a man and to regard him
without honor or principle as any thing else
that constituted a gentleman, and that I
cannot serve under him. Self respect forbids
that I should. I do not want to be compelled to
commit an act that I might for ever after regret.
I therefore ask to be relieved, from the necessity
I am in no wise tired of the Service properly treated
but I believe I am as much bound to vindicate my
Honor as I am to sustain the Government.

Secondly, I have never been paid a Cent for my
services. My money is all out, and I cannot buy provisions
with out money, and the officers that Controls the -

San Francisco Commission says that Officers must
pay Cash in hand for all they get from the
Commission. This I cannot do unless I am paid.
I having been in the Service four months and never been
paid one cent. I have exhausted all my own means, I
have no way left to live unless I beg or steal, or
sue for. I am too proud to beg besides there is but a
small amount of Charity in the Army. I have
never learned to steal and therefore I would not be
Exposed in the act, I therefore chose the last resort.
Resign.

Thinks I (last) I have never been Examined and
I feel Cautious that an Examining Board that does
its duty would deem me for incompetency and yet
I think I am as Competent as any Officer of
any grade in the 11th Regt Cavalry. I therefore fear the
incompetency of the (Field Officers) of the 11th Regt
and ask to Resign."

Hon E. M. Stanton

Secretary of War

Sir . . .

Enclosed I send you the permission from Maj Gen Foster comd Dept Ohio permitting me in compliance of General order no 383. O G & series 1863 to apply to you for an extension of leave of absence I respectfully ask you to extend my leave till the 15th of March 1864 I think by that time I will be able to stand a camp life I have rendered some 14 months as faithful and as efficient service as any Capt in the Cavalry Service as all my Superior officers will testify I never try, to shirk nor evade duty, you will see by the Surgeons Certificate my disease from which I am slowly recovering, but from the nature of the disease and from my age being in my fifty-second year I never slow I am unable to stand the camp this winter if you will grant my request I hope to be able to render good service this Spring and Summer there is no one that wants to see this rebellion put down more than I do and no one is more willing to help to put it down than I am but self preservation, is the first law of nature you know therefore I am put to necessity

of asking for an extension of my leave if I am
compelled to go to camp. This winter I will be compelled
to resign or entirely lose my health I have lost no
time in making this application as the enclosed certificate
of the P.M. at Knoxville will show that I did not
receive the permission till yesterday I could have sent
you an additional certificate of the Surgeon certifying that
in his opinion I ought not to return back to the army
till Spring if I had received the permission 2 days sooner
I had started the certificate off ~~from~~ Headquarters by mail the
day before I received the permission and it is 30 miles to
Frankford so I thought it would take too long to go to see
the Surgeon I would send off the request with out any delay
you will see the references I made to Gen Porter in
addition ~~to~~ them I will refer you to Gen Green Clay

character as a man and officer please comply with

Major it is due that I shall give the reasons that
induce me to this step and I will first say what
they are not in the first place I am not induced
to resign from any difference of opinion with the
administration in regard to its policy of conducting ^{the war} my
greatest difference with the administration is that it is
too lenient with Rebels especially in Ky. I am for
putting down this rebellion with out ifs or buts
my reasons are wholly private

I am in my fifty second year and from a spell of fever last fall that fell on my mouth I feel that I am gradually declining so that in justice to myself and also to the Government that I ought to resign

2) The condition of my family, demand that I resign as every male member is in the U.S. army and the female members left a lone.

I do hereby certify that

- 1) I have no Government property in my hands
 - 2) that I am in no wise indebted to the Government
 - 3) that I have never been absent from my com^d without proper authority
 - 4) that there are no charges against me that I am aware of
 - 5) that I have been paid to the 29th of Feb 1864

War Department,

Adjutant General's Office,

Washington, May 21st 1863.

No.

In reply to your letter requesting a Descriptive List of John G. Quinton, Private in Company 11th Regiment Kentucky Cavalry, Volunteers, I have the honor to furnish the following "Descriptive List," obtained from the records of this Office: which, from the want of the necessary data, (which is in the possession of the Company Commander,) is only "partial."

NAME, RANK AND REGIMENT, DESCRIPTION, &c.

John Quinton, Private in Company 11th Regiment of Kentucky Cavalry, Volunteers, is _____ years of age; but no further "description" can be obtained from the files of this Office. He was enrolled on the _____ day of _____, 1863, at the town of _____ in the State of Kentucky, by _____, and mustered into the service of the United States on the _____ day of _____, 1863, at the town of _____ in the State of _____, by _____, to serve for the period of _____ years, or "during the war."

ACCOUNT OF PAY.

It is stated on the Muster Rolls of his Company for the months of _____ and _____ that he was last paid by Paymaster _____ on the _____ day of _____, 1863.

ACCOUNT OF CLOTHING.

The files of this Office furnish no account of clothing: it must be obtained, if obtained at all, from his Company Commander.

REMARKS.

Same roll taken on file reports him "Present for duty"

Very respectfully,

Your obedient servant,

Wm. D. Beck

Assistant Adjutant General.

(7)

Wm. D. Beck
Camp Nelson Ky.

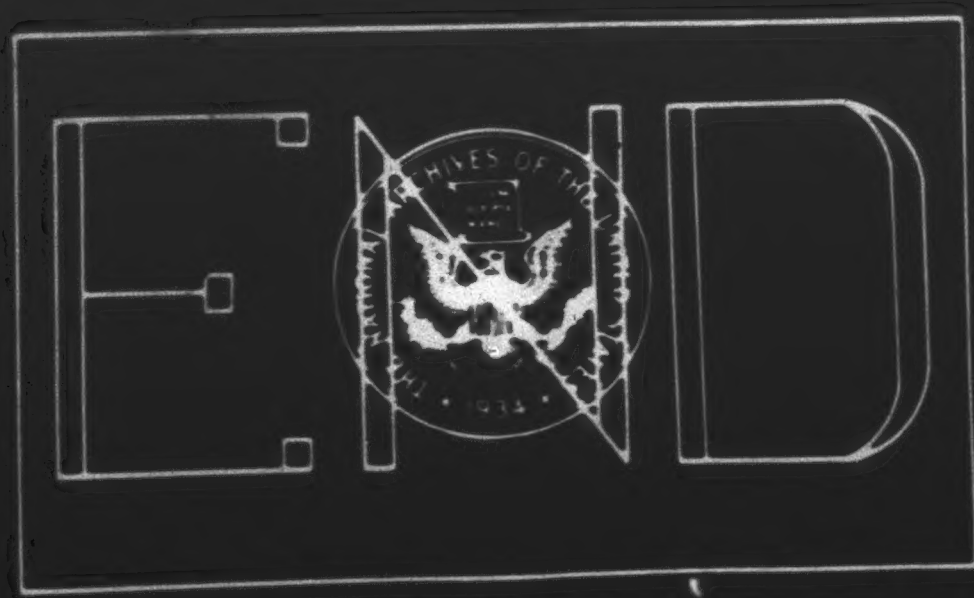

This "Partial Descriptive List" is given in order that the soldier may be discharged at once, without waiting for a full, give list from his company commander; and, having been used by the proper officer to make out the soldier's final statements, should be endorsed with a statement to that effect by this officer. This endorsement should exhibit a full statement of the time for which the soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the soldier, who will enter all the data necessary to a full understanding of the soldier's account on the muster roll upon which the soldier's discharge is reported. This list will then be destroyed. The object of this is, that the remaining portion of the soldier's account may be settled upon the receipt of these muster rolls, and the soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that this list is incomplete or "partial."
